## **Encourager Church/ Trinity School of Prophecy Houston, TX June 7-9, 2013**

**Frontline News from Graham**

A back-to-back conference trip to Texas, first to Houston and then to Amarillo to do a filmed School of Prophecy at Trinity with their world class TV crew.

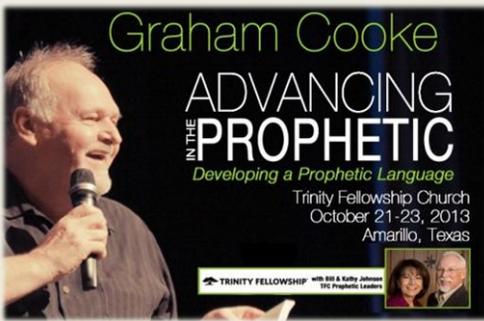

Houston:

Encourager church always makes me smile. Full of honest, hard working, happy people thrilled to be in Jesus. I spoke on "Understanding Your Spiritual Lens." A new talk that I have been thinking about and practicing life in the Spirit to make the most of how I am seeing in the Lord. This upgrade in my spiritual lifestyle was the reason that I started BrilliantPerspectives.com.

Everyone comes to life with a particular lens operating across various areas of life. It is our thinking that is inspired by our perception. Many people have encounters with God but do not press it out in terms of changing our lens prescription and upgrading our mindset in the Spirit. This was the "lens" talk debut and it went as well as I imagined.

I upgraded the message on "Reframing" our thought life and really enjoyed putting these messages side by side. Together they were a massive hit. On both Sunday messages I gave a talk on "Rest in Relationships." This is a relatively new message (less than two years old), which I've already had to split in two because the practice of peace guarantees revelation and encounter, which provokes more peace, etc. A glorious cycle.

**Trinity School of Prophecy  
Amarillo, TX  
June 19-12, 2013**

In Amarillo it was great to renew fellowship with Bill and Kathy Johnson and also our (Theresa and I) great friend, Rita Reidenauer. We had some fun times chatting and laughing. I thoroughly enjoyed catching up with Jimmy and Kim Witcher, and listening to their plans to upgrade the Trinity Community.

They have a world-class studio and TV capability. The excellence of their operation is astonishing. The calmness, humor and professionalism of the crew are outstanding. The product that they produce is brilliant! The theme for this 8 seminar school was, "Creating a Prophetic Mindset." The intention was to mix a devotional component with a brilliant thinking element in a life in the spirit context. I wanted people to feel the pull of the wind of the Holy Spirit. I fully expected people to have encounters with the Lord as they came undone by grace and goodness. So it proved!

I had a blast on stage. I love the whole filming part of this school. The learning is great; it has given me a huge desire to find my own studio in Santa Barbara.

Here, every message built onto the previous one. I could feel the ebb and flow in the atmosphere. Worship was beautiful. The environment was relational, generous and very receptive. A hugely enjoyable event where the enemy failed to show and we were more than conquerors.

Great to see a number of The Warrior Class present. I love hearing the stories of their progress and development. TWC is a great community of people learning to be warriors and game changers. It was nice to see them in an environment where quick growth is easily possible.

### **FRONTLINE** – School of Prophecy in Amarillo Texas!

What an “OMG” experience at the School of the Prophetic in Amarillo, as TWC came together under Graham’s anointed teachings; I had a personal sense of a family reunion. A reunion filled with times of sharing journeys and stories, with times of joy, laughter, love and oneness of heart.

Graham stepped onto a ground well saturated with the prayers, sweat, tears and fortitude of Kathy and Bill Johnson. They have spent years in their calling and opening up a space in the spirit realm for the prophetic truths of Go to be established. Because of this open space, we were all served a banquet of premium spiritual food which had the power to change hearts, minds and lives, as never before. It is a new season, a new time in the Kingdom, as demonstrated by a new teaching of Graham’s regarding **the “Lens” of God**”; a lens which brings forth life and erases unbelief, doubt and fear and overcomes the lens of the world, which are the flesh and the devil. This teaching alone, mixed with a powerful prophetic word, at the end of the conference, was so astonishing, so amazing, that I was touched in my spirit and know that I came forth from this time with a new power and authority in His Kingdom. I sense this is only the beginning in Amarillo, a seed that will expand the Kingdom of God to Texas and beyond. Kathy and Bill’s teachings, activations and applications in the prophetic were fun, effective and useful in training in the practical application of the prophetic. A great tool – A great team, to reinforce the powerful words Graham delivered in his teachings.

The opportunity to use that which I had just learned from Graham’s teachings came sooner than expected, on my flight home, as a time of prophetic prayer, with promises and healing was poured out onto a pre-Christian, who cried with tears as Holy Spirit Love was imparted to him and changed the lens through which he was viewing his death sentence to one of Life and Life Abundantly. Nothing like practicing what one has just learned!!!! Thank you Graham!! Thank the Lord for the wonderful time of practicing His Kingdom on earth.

---

Graham opened Amarillo's 2nd Advancing in the Prophetic School with a shocking new discussion on "Understanding Your Spiritual Lens". Get ready for this one. He launched into a challenging introduction for "reframing and instead of's" by exposing our need for the eyes of our heart to be enlightened.

Starting with this definition, "A lens either bends or blocks your view", Graham then traveled through history, using one sketch after another of Biblical & historical characters who were caught in a lens change. With each lens change, vision was enlightened, the mind was renewed, and new language followed closely behind resulting in an upgraded expression of life on earth as in heaven.

He closed the session with these penetrating questions: "What is the lens that dominates my life right now? Does it need to be changed and/or upgraded? What does God want me to see that I'm not currently thinking about? What needs to come into alignment with God's image, not mine? Do I have any kind of weird world view? What is the lens through which you view the Bible, world, kingdom, experience, fullness? Is it blocking the light or bending you to another kind of experience and encounter with God? What if we get to live from an entirely different domain? What would it look like for you to have an 'out of this world mindset'? What if you are a citizen of heaven and that makes you extraordinary?" With joyful expectancy, I'm off to my quiet place with Holy Spirit who has promised to open the eyes of my heart - giving me a new lens. Want to join me?

I have a friend who went with me to the Advancing in the Prophetic School in February. She's pumped about Graham and the revelation she has learned already. She said there were two things she noticed about the TWC people she met while at the Amarillo school.

- 1) Humility was visible in every TWC person she met.
- 2) Unity of the Spirit was very strong, which created an atmosphere of joy and lots of peace.

Kudos to the TWC culture! The prayers and modeling promotes a culture of peace and joy that others recognize and are drawn toward. I LOVE being a part of this Company of Warriors!

Graham's Amarillo Sessions brought true advancement in the Spirit. Lenses, mindsets and languages were upgraded throughout the entire conference.

Graham was at the top of his game. He was magnetically animated, as he shared. His joy was evident, and as all around honored and connected with all he shared, you could see a little twinkle and impish grin come across his face. He truly was having fun! The closer for me was the impartation after the Favor session.

As he delivered that word my hopeful expectation for every low place in my life was raised up, promises reestablished and my spirit connected with the heart of the Father like never before!

## Ted Mather

Perspectives shift and lenses change by recognizing promise and provision.

Use adversity as a platform to go up higher and further. Each local church holds a specific identity. Joined together as a body the unified church will overtake communities and nations. What God released in that word holds permission and power to overtake and conquer.

For every empty place in your life God has a promise which will cover it.

All my life I have chased a void, always just out of reach. No matter how fast I ran it remained out there calling and beckoning. This has affected my life, mostly negatively. Graham has given me a new perspective on my thinking and I am ecstatic. My thinking has been turned upside down!

TWC and Friends

## Mark Barber

You get the understanding of revelation when the situation is present to see it in. i.e. Peter's vision in Acts

God gives us revelation to upgrade our vision, our thinking and our mindset, so that we will upgrade the language we use about ourselves.

The word "airo", translated "to prune" (Jn 15:1-2) means "to lift up to a higher place". This completely changed my feelings about being pruned, removing all fear and trepidation. I now look forward to it!

Prophecy is a lens changer, it is never ordinary, and it gives people the right to shortcut the process. With the words we are also passing along our own experience in Christ. All so that people will fall in love with Jesus!

# "Your Truest Identity" Minneapolis, MN with Allison

Allison Bown and Denise Siemens

Saturday Evening: The joy of fighting with your Identity, your prophetic and inheritance words.

Some truths have to be mined by panning, letting the weight of truth settle. Some need to be intentionally dug out. Others come as a dynamite "suddenly". Members here practice mining for truth by letting God talk to them through their own picture.

Participants used pictures to give prophetic encouragements so that everyone attending left with prophetic input and in another activation, an inheritance word

We've heard it so many times: "There is no break through without follow through", but it is still rare in the Kingdom that churches and communities commit to an action plan to do it. The Arise group from Lutheran Renewal and their stellar leader Denise Siemens are intentional pioneers acting on that truth. There were break throughs and break outs of "ah-ha" moments all weekend as people saw with the eyes of their heart the passion that God has for who He made them to be and encountered His delight their discovery of it. And I discovered a grand new friend in Denise who also dreams of communities who train, process and laugh together. I truly enjoyed our conversations.

TWC members were out in full force and several were able to gathered the next day at Joe & Diana Gray's house for a "dialogue day". Many are part of the OMG: The Orange Moose Group. This community within TWC began as a group of leaders who drove several hours to a central location in Wisconsin once a month to discuss their leadership training at a roadside stop with a giant orange fiberglass moose. It has continued as a company of friends with shared passions and brilliance, who made all of us honorary Moose for the weekend!

Enjoy their insights and testimonies. I know I certainly found the entire experience delightful, from the warm welcome of Denise and the Arise community to the time with another group of amazing Warrior Class members.

# Minnesota Testimonies

As Allison spoke about Identity and Relationship, two ideas really stuck with me. They were: Identity gives us Focus, Freedom, and Rest and - We need to cultivate and practice our Peace, Rest and Joy so that we are full for the time we need them. Like the ten virgins we do not want to try and establish them when they are needed most. The one thing that most impacted me though was when Allison asked a few of us to stand and read from our identity statements. It actually cemented that identity within me. To speak it out to those attending and allowing myself to hear it provided a witness within me saying "This IS who I am!"

One thing Allison said on Saturday night seemed to be experienced by me the most during Sunday's time together. It was 'It's not just what we do with each other, but who we become together that has eternal significance'. In each of our uniqueness-es, there was such joy in community and the building of relationships.

~ Mark Barber

Through one of Allison's activations, I picked up a new piece to my identity in thinking about one of my heroes and the characteristics that made that so: being formidable. It really helped me recognize: I need to step up my training. I thought of how my personal trainer ALWAYS pushes me past the point of where I would have stopped, so it is time for me to step up in my identity as well!

My dear friends in TWC/OMG are key influencers, listeners and encouragers along the way. Their support is like the water I so desperately need after going past the point of my normal endurance. The laughter, silliness and fellowship are without doubt some of the best gifts ever! And in sharing my Identity Statement, to tell a room full of Minnesotans that I'm a Packer Fan and getting them to laugh was just an added bonus!

~ Kelly Megonigle

A new upgrade for me was the 4 levels of mining (revelation): encounter, ebb, muscle time, and the suddenlies. Your revelation put words to "being ok" in each stage. Especially that the "ebb" time is significant revelation time. Love that!

~ Sue Kemitz

I so appreciate time spent with OMGer's as well as the extended TWC Community. There's always plenty of brilliant thoughts, contagious laughter, and heart-felt sharing that leads to ever-deepening friendships enabling us individually and corporately to take and hold new ground for the Kingdom. The phrase "like-minded" takes on a whole new meaning within the TWC community!

(Susan Stahnke from TWC was also present)

It was some time ago that Allison was made an honorary member of The Orange Moose Gang – OMG. The time OMG spends together is full of fun, joy and silliness. But more importantly, it is time where like-minded warriors support each other in prayer. And Allison fit right in!

Something about Allison waving a pickaxe during the afternoon session said I'd better pay attention! In then in the midst of her talking about the gold mining history near her home – a nugget! In the panning process, collect the rocks from the rushing water. Then in the ebb, sift the water, and the things with weight will tend to stick around. It's the gold that is left behind at the end of the process. Those attending the conference will never look themselves, their identity, the same way again!

~ Joe Gray

*I came away with intensely joyful intentionality to expand my intimacy with Jesus, which will also enable me to have focus regarding who He has created me to be....and knowing when to say "yes" and when to say "no". Our TWC day together was the very first time I ever wore a moose hat!! I laughed more than I have in quite awhile. It was so encouraging to connect with others and hear testimonies of the way that Jesus brings transformation in people's lives.*

# THE RIVER CHURCH

## Fresno, CA

*“According to the grace of God which has been given to me, as a wise master-builder I have laid a foundation...which is Jesus Christ.” (1 Cor 3:11)*

This past weekend, the River Church and the Fresno region experienced Graham's ministry as a building prophet. Together with Christa Black, the church was given foundational revelation which, as we receive and respond will solidly ground us in alignment with Jesus our Cornerstone. The Central Valley is a religious region, a "Bible Belt". Because of the Father's great love for Fresno, He gave Graham and Christa Jeremiah's mandate:

*“I have put My words in your mouth - to pluck up, break down, destroy and overthrow...to build and to plant.” (Jer 1:9-10)*

Speaking about the four levels of development of our life in the Spirit, Graham and Christa tore down our structures that have been erected by religious striving, and revealed the free gift of righteousness that is ours in Christ. Clearly and deliberately Graham laid out the experiential path of our growth in Christ as we go from infants to fully mature sons.

**Nepios** – infant – learning to receive unconditional Love

**Paidion** – toddler – the power of imagination and discovery

**Teknon** – adolescent – identity is the key to transformation

**Huios** – mature son – we are more than conquerors, territory takers who terrorize the kingdom of darkness by our Christ-likeness

The combination of Graham and Christa was exponentially powerful as together they dismantled false perceptions and released Kingdom Truth: Graham the reasoner, Christa the testimony. Oswald Chambers says: *“there is no power so great as that of a calm, reasoning fanaticism.”* ☺ Graham was devastating to the religious mindset as he calmly yet passionately (you know how he does it!) revealed the true heart and nature of God. Christa was wonderfully overwhelming as she shared her own journey and experience of being delivered from abuse, shame, addiction and religious striving by the unrelenting Love of the Father. Together they revealed God's true heart and implored: “Be reconciled to the Real Jesus, the Real God!”

The worship was over the top! Fresh revelation releases joy, renewed passion and increased intimacy, and there was plenty of it. All that was received produced a glory atmosphere that will now empower fresh response to Kingdom Truths.

*“Thank You Father, for Your indescribable free gift!” (2 Cor 9:15)*

**Ric Peterson**

I was so excited that all the saints I journey with were in the same environment hearing the same prophetic teaching as me! We have been under Graham's teaching and training since he first moved to the States and I can say, without doubt, he is becoming more clear and more concise. His teaching about the four stages of development made more sense this time as he explained that we can be in any of the stages at any time. A fully mature son (huios) taking territory, in some moments still needs to be a helpless babe (nepios), powerless in God's love. It was very freeing for me! We don't pass out of one stage never to go back, but live in each stage at different times as we encounter new circumstances.
